**HOW TO CITE SOURCES FOR A BIBLIOGRAPHY**

Properly cited sources of information for a bibliography help insure that National Register documentation standards have been met and facilitate verification of facts and follow-up research.

The following models should be followed when compiling a bibliography for a Historic Property or District Information Form. You may also refer to the *Chicago Manual of Style Quick Guide* which is available online at [www.chicagomanualofstyle.org](http://www.chicagomanualofstyle.org). Sources of information should be arranged in alphabetical order according to the author's or editor's last name or, if these names are unknown, by the book or article title.

For miscellaneous material such as diaries, manuscript papers, unpublished materials, etc. be sure to identify the author, descriptive name, date, and the location of the material.

**Examples:**

**NATIONAL REGISTER FORM:** Smith, John. "Bethel Church and Cemetery." *National Register of Historic Places Registration Form*, October 21, 2007. On file at the Historic Preservation Division, Department of Natural Resources, Atlanta, Georgia.

**COURTHOUSE MATERIAL:** Thomas County, Georgia. Superior Court. *Deed Book R* (1881-1883): 302.
